- A vehicle entering Alberta from another jurisdiction requires a safety inspection. Information can be obtained from a Registry Agent. A listing of local Registry Agents can be found in the telephone directory under Licence and Registry Services; or visit Service Alberta's website at www.servicealberta.gov.ab.ca for comprehensive registries and consumer information and services.
- In addition to the Bill of Sale, other identification is required to obtain Alberta registration. Where possible, obtain Section 2 of the previous Alberta vehicle registration certificate.
- The prospective purchaser can determine whether a vehicle is free of liens and encumbrances in Alberta by contacting a Registry Agent.
 In order to perform a search, a Registry Agent will require the vehicle identification number (VIN) / serial number of the vehicle. A request for a search can be made in person or in writing. There is a fee for this service.
- Vehicle Information Reports are available from a Registry Agent. There is a fee for each service.
- The buyer must produce a copy of a properly completed Bill of Sale, that includes the same information as shown on this standardized form, in order to register and licence a vehicle in Alberta.

This form is provided as a courtesy by Service Alberta to ensure that sufficient information is contained within the Bill of Sale to permit licensing and registration of the described vehicle by the new owner.

No liability attaches to the Crown through the use of this document in respect of the sale of this vehicle. Any dispute arising from the sale becomes a civil matter among the parties named in this document.
